NOMADER HYBRID PRO

The Nomader Hybrid Pro, from SWM, is a groundbreaking hybrid UTV that sets a new industry standard. Its unique hybrid powertrain seamlessly blends the instant torque of an electric motor with the sustained power of an engine, delivering exceptional acceleration and effortlessly conquers of challenging terrains like steep inclines and mud. An electronic shifting system ensures smooth, rapid gear changes, further enhancing its overall performance for truly fearless all-terrain work.

Main Features

Rock-Solid Build

Our UTV features a high-yield alloy steel frame, redefining durability and safety standards. This robust construction isn't just about toughness; it delivers unwavering protection so you can tackle any challenge with absolute confidence.

Leading Hybrid Power

Experience unrivaled performance with the Nomader Hybrid Pro. Its industry-leading 160 hp hybrid powertrain masterfully combines the instant torque of an electric motor with the sustained power of an engine. This means explosive acceleration and the ability to effortlessly conquer any work.

Superior Suspension. Unmatched Ride

Experience the difference with our class-leading suspension travel, boasting 20% more range than competitors. This translates to sharper handling and a remarkably smoother, more comfortable ride over any terrain. You'll feel the enhanced control and reduced impact with every mile.

Three Dynamic Drive Modes: Tailor Your Ride

Instantly adapt to any terrain with the Nomader Hybrid Pro's three versatile drive modes:

Eco Mode: Maximize efficiency for longer rides.

Standard Mode: Optimal balance of power and fuel economy for everyday trails.

Sport Mode: Unleash full power and aggressive throttle response for high-performance driving.

Seamlessly adjust throttle sensitivity and torque delivery to perfectly match your driving demands and the challenges of any landscape.

Unmatched Hauling & Cargo Capability

The Nomader Hybrid Pro isn't just powerful on the trails—it's a workhorse. It can tow up to 1,830 lbs (830 kg), making light work of heavy loads. Plus, its spacious tilt cargo box boasts a 992 lb (450 kg) capacity, ensuring you can bring everything you need for the adventure or the job. Get ready to haul more, effortlessly.
